MUSIC SECTION PRESENTS VERY DELIGHTFUL ENTERTAINMENT AT MEETING HELD BY TUESDAY CLUB

Short Business Session Takes Place and President is Authorized to Receive Highest Offers on Three Lots Owned on Brand Boulevard

THE second delightful program of this club year to be presented by a section of the Tuesday Afternoon Club was given yesterday at the meeting in the Masonic Temple by the music section, of which Mrs. C. L. Marlenee is curator.

At the short business meeting which was held with Mrs. C. E. Hutchinson presiding, Mrs. A. M. Williams, chairman of ways and means, presented the club with a check for $36.90, percentage turned over to the club for tickets sold in the recent queen contest of the American Legion for Mrs. Warren Roberts, Tuesday Afternoon Club candidate. Later Mrs. Roberts presented the club with the prize which had been awarded her, a platinum bar pin set with sapphires. As a memento of the occasion, however, it was the desire of the club for her to retain this gift.

Mrs. Hutchinson announced the gift from Mrs. C. L. Peckham of two famed pictures, one of the club members who participated in the minstrel show last year and the other the poem written by Miss Daniels for reciprocity day last year, which will find a prominent place in the new clubhouse. She also stated that in connection with the recent Queen contest that Mrs. J. W. Walton, a member of the Tuesday Afternoon club, had been awarded the Ford automobile, and that as she wished to share her good fortune had written a check for $25 for the building fund of the new clubhouse.

At yesterday's meeting the club members also decided that Mrs. C. E. Hutchinson, president, be instructed to receive the highest offers possible on the three lots owned by the club on Brand boulevard, corner of Lexington drive, and present same to the club members for consideration.

Mrs. A. P. Findlay announced the sale of tickets for the evening of three one-act plays which is to be given Friday night, November 18, by the drama section for the benefit of the clubhouse fund, and urged the support of club members.

Pleasing Program

Mrs. C. L. Marlenee, curator of the music section, then introduced the members of the section and also several newcomers in the music and artist circles of Glendale who had consented to take part in the program, which included the following numbers: "I Hear a Thrush at Eve" and "The Year's at the Spring," by the Nevin quintette, which includes Mrs. Helen Cole, Mrs. Frank Arnold, Mrs. A. M. Draper, Mrs. Charles A. Parker and Mrs. L. N. Hagood; whistling solos, "A Waltz Song, Invitation," and "The Charm of Spring," by Mary Louise Hand, accompanied at the piano by Mrs. Hagood; piano solo, "A Flat, Minor" (Chopin), by Mrs. L. N. Hagood, who played a waltz by Chopin as an encore; vocal solos, "With Verdure Clad" and "Robin, Robin, Sing Me a Song," by Mrs. Alice Harwood Farish, accompanied by Miss Lila Litch.

The closing number on the program was a group of songs by the Nevin quintette, "Four Lear Clover" and "Since You Went Away."

Decorations of chrysanthemums and ferns were used.

Announcement was made of a change in the program for the next meeting. Miss Olga Steeb, world famous pianist, will appear at that time, through the courtesy of the Barnes-Shuck Music company, who also furnished the Knabe grand piano for use in yesterday's concert.

Denies Asking for Prayer to Get on Jury Trying 'Fatty'

SAN FRANCISCO, Nov. 16.—A mild sensation was sprung as the third day of the trial of Roscoe "Fatty" Arbuckle for manslaughter opened when Assistant District Attorney Milton U'ren charged that Mrs. Edith Unsworth, one of the five women now tentatively in the jury box, had asked a woman friend to "pray that she might get on the jury."

Questioned, the juror said she had asked her friend to "pray for her" but not to "pray that she might get on the jury."

Mrs. Unsworth admitted she had expressed a desire to be chosen a member of the jury, but denied she had expressed or formed any opinion as to the guilt or innocence of the defendant.

Assistant District Attorney U'ren then announced the matter would be dropped temporarily until affidavits supporting the charge could be brought into court.

Delegates to Arms Parley Meet in Secret Session; No Programs for Settlement of Far East Questions Presented, Declared

WASHINGTON, D. C., Nov. 16.—There was no presentation of programs for the settlement of the controversial questions affecting China, the Pacific and the Far East at today's secret session of the powers, according to some of the diplomats who participated in the meeting.

After being in session for two hours, the secret meeting broke up and it was announced that only the heads of the delegations would meet later in the day to continue the discussion begun this morning.

Today's developments in the conference follow:

First—Delegates of all the nine powers met in secret session to take up far eastern questions.

Second—Naval experts of the big five—America, Britain, Japan, France and Italy—met to discuss technically the application of America's limitation of armament program to their navies, respectively.

Third—The far eastern committee of the American advisory council met to consider phases of the pacific problem most vitally affecting the United States.

The next plenary (open) session of the conference probably will be held Friday "if things go well," it was said today.

Premier Briand is expecting to return to France to look after his political fences within two weeks, and it is said that the Premier is anxious to get his land armament speech off as soon as possible in order that he may be free to go should the exigencies of French politics suddenly demand his return home.

ROY GARDNER IS ARRESTED TRYING HOLDUP, CLAIMED

Prisoner in Arizona Asserts He Is Famous Bandit; His Fingerprints Identify

PHOENIX, Ariz., Nov. 16.—A man who attempted to rob a mail car on a Santa Fe train here shortly before 6 o'clock last evening and who was overpowered after a thrilling battle by Herman F. Inderlied, a mail clerk, was positively identified by the police here today as Roy Gardner, the famous bandit, who escaped recently from McNeil Island, Washington. Identification was made by finger prints. The man admitted he was Roy Gardner.

At the police station Gardner stated to Interlied after the identification had been made this morning:

"Say, buddie, the next time some robber sticks a gun into your ribs and says 'put 'em up,' you'd better do it, because the next fellow won't be Roy Gardner. I didn't want to shoot you. That's how you got away without a scratch."

The police made a careful examination of Gardner's body for traces of a gunshot wound since it was reported he had been hit by guards in making his escape at McNeil Island. They could find no evidence of such a wound.

"Say, those birds up at the Island didn't get anywhere near me with their bullets," he said.

The capture of Gardner by Inderlied, a giant in stature, was effected under dramatic circumstances.

Inderlied was alone in his mail car attached to the Santa Fe train scheduled to leave Phoenix at 5:50 p. m., when he heard a noise behind him. He started to turn around and a revolver was thrust into his ribs with the injunction: "Get 'em up, quick."

The clerk did not obey the command and began a fight with the bandit. Around and around the car the two men battled. Inderlied's strength is amazing and after a few

I think we have an excellent police department."

And then Mr. Reeves went into the merits of the German shot gun at the side of his desk—carried by one of the Spanish marines during the Spanish-American War.

RAILROAD COMMITTEE MAKES REPORT ON TRANSACTIONS FOR EASTERN SECTION OF GLENDALE

F. H. Vesper Submits Financial Statement; Work Done to Secure Service Outlined; Bus Lines Will Relieve Traffic Situation, Is Belief

A REPORT of the financial transactions of the railroad committee appointed by the Chamber of Commerce several years ago to obtain Pacific Electric service for the eastern section of Glendale, the progress made by the committee, and the importance of the establishment of bus lines in the city were features of the meeting held last night by the railroad committee in the Broadway school.

J. C. Sherer acted as chairman of the meeting and T. W. Watson was named secretary.

Chairman Sherer in outlining the work stated that while the committee did not at first enter into the project as a plan, yet the extension of the Pacific Electric along to its present terminus at the Broadway schoolhouse was a direct result of the efforts of the committee; and that a considerable part of the money subscribed and paid in was used to purchase two acres at the southwest corner of Broadway and Sycamore Canyon Road which was deeded to the Pacific Electric, and which was one of the considerations of the company. Chairman Sherer stated that eighty per cent of the right-of-way had been actually obtained when the war brought all development at that time to an end.

T. W. Watson made a report, stating that about a year ago it became evident there was no hope of obtaining an extension of the Pacific Electric lines in Glendale for a time and the matter of service by means of bus lines in the outlying districts had been called to the attention of Vice-President Titcomb of the rail-

NAVY DEPARTMENT TO RECEIVE BIDS IF SHIPS JUNKED

WASHINGTON, Nov. 16.—If the armament conference agrees to the American proposals for naval reduction, the navy department will receive offers from Henry Ford and any other bidders for the purchase of ships to be scrapped by this nation, it was announced at the navy department today.

It is not the intention of the administration to sink the vessels which may be scrapped but an effort will be made to get as much money out of them as possible, it was stated.

Navy officials said today that if Ford desires to show his proposals are in earnest, undoubtedly the bureau of supplies would be happy to receive offers from him immediately for seven obsolete battleships which are now tied up in various navy yards.

Mr. and Mrs. Corwin Visit Friends Here; Plan Family Reunion

Mr. and Mrs. S. W. Corwin have motored down from Elsinore and were calling upon old friends Tuesday. They will spend a few days with Mrs. Charlotte Ballantyne, a sister of Mrs. Corwin, of 1230 South Glendale avenue. The Corwins were residents of Glendale for more than ten years, but have been making their home on a ranch near Elsinore for the past four years.

Their many friends will rejoice with them in the news that their daughter and son-in-law, Mr. and Mrs. John Dean and their interesting family of five children, who left Glendale one year ago last September, and went to Canada are returning to California.

The last word received by the Corwins from the Deans, announced their departure from Kansas City, and their expectation to share in a family Thanksgiving dinner, if it could be postponed until the first week in December. They are accompanied by an uncle, and are making the entire trip by automobile, with two automobiles and a camp-trailer to accommodate the party.

The Corwins also have recent and very pleasant news of their other daughter and son-in-law, Lieutenant-Colonel and Mrs. Harold M. Scott who are still in Coblenz, Germany, where they were sent more than two years ago with the army of occupation. They are enjoying life abroad and educating their two eldest daughters in a splendid school in Brussels. They are hoping most sincerely that Uncle Sam will not order them home for one more year. Mrs. Scott will be remembered by many Glendale residents as Miss Wilma Corwin.

HENRY FORD OFFERS TO BUY NAVIES OF ALL THE WORLD

Would Pay Junk Prices and Use Materials to Solve Unemployment Problem

By ALLAN L. BENSON
Written for International News Service
Copyright, 1921, International News Service.

DETROIT, Mich., Nov. 16—Henry Ford today authorized me to make the following sensational announcement in his behalf:

"I will buy the navies of the world at junk prices," he said, "and then turn them into agricultural machinery and automobiles if the United States and other powers will agree to disarm on the sea.

"You may tell those gentlemen in Washington that I mean business. They may think that I could not finance such an undertaking, but you may tell them that I can. You may assure them that with acetylene torches and electricity I can cut those warships to pieces and make useful things out of them."

Mr. Ford's announcement came as suddenly as did the world-famed announcement of Secretary Hughes with regard to the limitation of sea power. We were at his tractor plant at Dearborn, talking of many things. In the course of the conversation I asked him what he thought of the Hughes proposal. He said it was all right, except that it did not go far enough. He expressed the opinion that there should be complete disarmament on the sea. Then he authorized the announcement to buy all of the warships afloat.

"To buy those ships," he continued, "would be only to get some of my raw materals for a while from a new source. I am spending great sums all the while to get ore out of the ground and make it into steel and I might just as well buy the metal in those warships as to buy metal anywhere else.

"I wish you would make it plain that I stand ready to buy at junk prices any and every warship that the United States and other powers may think of sinking. Please ask them not to sink a ship. I understand that some of the captured German ships were sent to the bottom. It s a crime to sink metal like that. The world has need of it. So please state that even though the powers should be willing only partly to disarm on the sea that I will buy whatever ships they may

GREATEST DANGER AND GREATEST HOPE FOR FUTURE PEACE LIES IN FAR EAST, SAYS JAMES W. GERARD

Former Ambassador to Germany Declares There Are Three Cardinal Points to Keep in Mind in United States' Relations With Japan

By JAMES W. GERARD
Former American Ambassador to Germany and Recognized Authority on Diplomatic Questions
(Copyright 1921 by the International News Service)

WASHINGTON, Nov. 16.—America's greatest interest in the international conference of armament reduction and Pacific questions, lies in a settlement of the problems of the Far East. From this quarter threatens our greatest danger—there lies our greatest hope of future peace.

There are three cardinal points to keep in mind in our relations with Japan:

First—A great nation—a warlike nation—a nation that, in the few years since 1853 has made itself one of the geratest powers—a nation whose population presses on the means of subsistence—must be permitted to expand.

Second—The treatment accorded the Japanese in this country touches above all else their personal honor. Some way must be found by which the national (racial) equality which they feel is their right, is preserved to them, but subject to the third greatest cardinal point, from our standpoint, which is:

Third—The Japanese must recognize that we cannot give to them or to the people of any other race which does not assimilate in our melting pot, the unlimited right peacefully to penetrate and gradually possess any part of our country. Therein lies the danger.

Precedents are not wanting. Roumanians penetrated Hungary in such numbers that at last Roumania claimed and received part of Hungary. On this point our people in the west are determined, fixed and steadfast.

Some of the lessons which Japan has been taught by the western powers must be disavowed. In this connection it is necessary to go into a brief historical review of the relations between the west and the east, how they have expanded and the results that have accrued from them.

When Balboa in 1513 waded into the Pacific and took possession of the new ocean in the name of the King of Spain, he brought to Europe and America new opportunities for conquests of trade and war, but he opened as well, a sea of troubles and problems.

Fringing those shores of the wide Pacific on the east lie the great problems of China and Japan and while these old empires slept their hermit sleep, the roving Anglo-Saxons crept in and peopled the continent of Australia and fertile New Zealand and appropriated the romantic, magic islands of the South Seas.

Gold discovered in California brought the Anglo-Saxons to the Pacific coast of the United States, and a slower settlement brought them to the western coast of Canada.

And still the hermit empires slept their ages-long sleep—both Mongolian, both civilizations, but differing in their outlook on life.

China is a vast aggregation of peoples devoted to work, to business as we understand the word—a country where to engage in business successfully brought, as with us, honor, not disgrace. A country where an ancient philosophy had taught even the mass of people to despise war.

Zimmerman, once foreign minister of Germany, told me that when he was a consul in China he was presented to a powerful mandarin, a fine looking man of soldierly bearing. Zimmerman, wishing to flatter the mandarin, said to the interpreter:

"Tell him what a fine looking man he is. Tell him he looks like a soldier." The interpreter said: "I cannot tell him that—it would be an insult—soldiers are looked down upon."

Japan, on the other hand, with its fighting aristocracy, the fine sense of personal honor of its people, its military ambitions, is somewhat like the Prussia of before 1914.

To understand the problems of the far east, we must first of all grasp this essential difference between China and Japan. In bodily construction, there is not much difference between the individuals of the two peoples, but the great Japanese general who committed suicide on the day of his emperor's funeral in order thereby to manifest his admiration for his dead emperor, cannot be said to have looked at life from the same viewpont as an Anglo-Saxon or Chinese.

Soul Remains Unchanged

China suffered the penalty of the non-prepared and of the pacifist. Her ports were seized, her country divided into spheres of influence; her people forced by war to poison themselves with opium for the benefit of greedy foreigners. The battle flags of all the powerful nations represented at this conference, including her own, have waved before the gates of her capital and her palaces have been looted by the soldiers of civilized Europe.

The American, Admiral Perry, opened Japan to the world in 1853. Hostility to foreigners culminated in 1862 when an Englishman named Richardson, who had ridden into a Japanese procession, was killed. The British demanded the surrender of the assassin and an indemnity. This not forthcoming, a British fleet destroyed Japanese ships and Kago Shimi city.

It was then that the feudal military rulers of Japan, seeing the inferiority of their own military forces when opposed to those of Europe, commenced that imitation of European and American armies and navies and mechanical and business life which has made the Japan of today o powerful nation. But, underneath, the soul of Japan has remained much as before.

agree to withdraw from their navies.

"But they ought to scrap the whole lot. There is no reason why a warship should be left upon all the oceans of the world. If these diplomats mean business, they will accept my proposition and disarm. The diplomats say they want naval forces only as a protection. Each one denies that he wants for purposes of aggression even the remnant that the Hughes plan leaves each nation. Well, if that is the case, why not all the governments sell their ships to me? I'll promise not to use them to fight anybody with. I'll melt them up and make them into things that will make life better instead of worse. Put the American fleet into my hands and Japan never need be afraid of it again. Put the Japanese fleet into my hands and America need not be afraid of it. Put the British fleet in my hands and neither America nor any other nation need fear it. With these fleets in my hands, no people would be taxed to maintain them. Nobody would be harmed and everybody would be benefited.

Unemployment Problem

"If the powers will sell me their navies I will help them solve their unemployment problem. The unemployment problem is going to be made worse, even by partial disarmament plan that Mr. Hughes proposes. If warship building is going to be stopped for ten years, thousands of men who are now working in steel mills and shipyards will be deprived of employment. Something should be done for these men. I will do something for them if the powers will sell me their warships. I will not only give employment to thousands more men in my tractor and automobile works, but indirectly I will give employment to many more thousands. When I employ men to make a tractor, for instance, I cause employment to be given to the railway men who take to market wheat that the tractor helps produce; the millers, who grind it; the bakers, who make it into bread; the clerks, who sell it, and to the drivers of delivery wagons, who take it to the homes.

"It is a very dangerous thing to leave in existence any fraction, however small, of existing navies. Each of these parts, if left, will ultimately be expanded into a big navy again, and we shall have the present situation all over again. The world does not need any of these ships. I need all of them. If I can buy them I will manufacture things that will make people happy instead of sad."

VIOLENCE FOLLOWS STRIKE

CHICAGO, Nov. 16. — Violence broke out in the teamsters' strike here Monday afternoon. Police were rushed to half a dozen points throughout the city to stop street fights and break up mob-like gatherings. In the Maxwell street district, Frank Jones, 30, owner of a truck which he drives himself, was dragged from his machine and beaten. John Petro, a chauffeur, was also attacked and beaten by strikers.

The John R. Thompson company reported to the police that strikers were molesting their drivers. Approximately 8,100 men are idle. Discontent is growing. The strike was called by the International Brotherhood of Teamsters and Chauffeurs in protest of a proposed wage cut of $3 a week.

GOVERNMENT LOANS MADE

WASHINGTON, D. C., Nov. 16.—Government loans amounting to $4,150,000 to finance the marketing of sugar beets in Utah and Idaho, were approved by the war finance corporation. Fifty-two other loans aggregating $2,935,000 to finance agricultural and livestock products in sixteen states, most of them middle western and western states, also were approved.

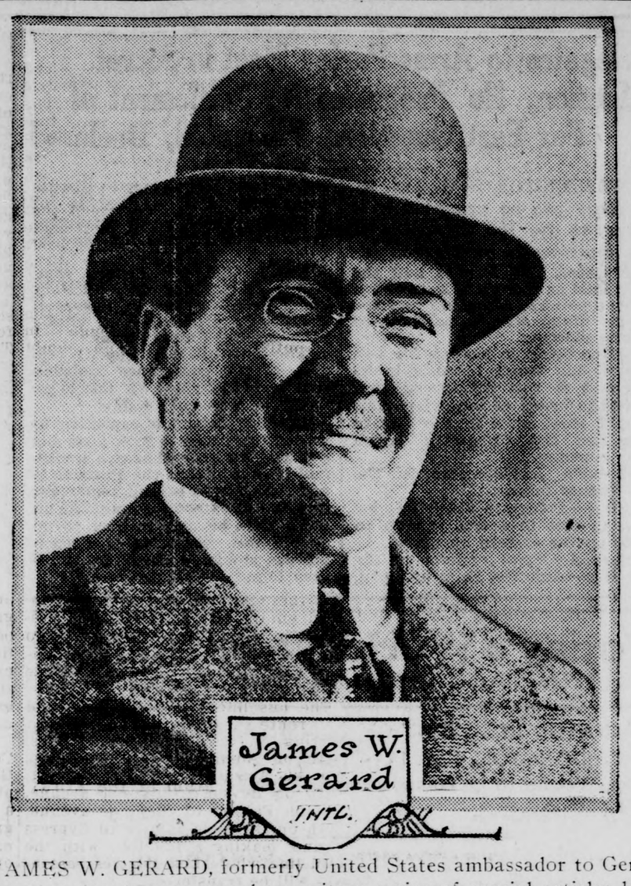
James W. Gerard, Former German Ambassador, Will 'Cover' the Great Washington 'Arms' Conference



JAMES W. GERARD, formerly United States ambassador to Germany, has been engaged to write a series of special articles by International News Service during the Washington conference on limitation of armaments. His long experience as a diplomat and his keen insight into international affairs, especially qualify him to give the readers of The Glendale Evening News first-hand accounts of what transpires around the council table.

Roy Gardner Held Prisoner, Declared by Phoenix Police

minutes he had disarmed Gardner. A little later Gardner got possession of the weapon but Interlied's great strength prevented the bandit from using it.

A brakeman who chanced to be passing looked into the car, being attracted by the heavy breathing of the men. He telephoned the police. When policemen arrived Inderlied had Gardner completely subdued and he was handled without the least difficulty.

It was believed by the police that Gardner may have had an accomplice in the robbery. An investigation is being conducted along that line today. Beyond finding that a man who, the police believed, may have been connected with the attempted holdup, was missing from Glendale, a suburb of Phoenix, nothing was found to support this theory.

Jean Miller Is Hostess With Birthday Party

The home of Mr. and Mrs. Homer B. Miller of 434 Burchett street was the scene of considerable merry-making yesterday afternoon when their small daughter, Jean, was hostess to a number of her neighborhood playmates at a party in honor of her fourth birthday. The interior of the house was beautifully and appropriately decorated with numerous vases of chrysanthemums and roses, giving the appearance of a large bower of garden treasures.

Each of the tiny guests presented their young hostess with gifts as tokens of their friendship, following which the kiddies were held in a state of excitement for several minutes while little Miss Miller nervously unwrapped the packages to satisfy the curiosity of herself and of her guests.

The afternoon was enjoyed in numerous games and guessing contests, a number of artistic and highly appreciated prizes being awarded to the winners. Refreshments, consisting of ice cream, cake and other "goodies" were served during the party by Mrs. Miller.

Party Will Be Given Intermediate Mothers

Mrs. Tepe, assisted by her committee, Mrs. Vogel, Mrs. Blumfield and Mrs. Peterson, have sent out invitations to the mothers of the children of the 8S IV class to a party given in the domestic science room at the Intermediate school, Friday afternoon, from 2 to 4. They are planning, by co-operating with the teacher and pupils, to make theirs the best represented class in school in active and interested members of the P.-T. A., both fathers and mothers.

Reynolds, their son and daughter-in-law who have recently returned to Glendale after a year's stay in San Diego, will occupy their residence during their absence. They report San Diego as being a thriving city, but state that there is no place like Glendale and they intend to remain here permanently.

J. W. Faris Joins With H. Coggins in Realty Office

J. W. Faris, 418 South Everett street, and H. Coggins, 225 North Isabel street, have formed a realty firm known as the Faris & Coggins Real Estate Company, and will be located at 131 South Brand boulevard, the office being opened and ready for business today.

Mr. Faris was for twelve years cashier and manager of the First National Bank at Buhl, Idaho, and has had much experience in the building and loan business. He was recently engaged in the real estate business in Huntington Beach. He states that he believes Glendale is one of the real live towns of southern California.

Mr. Coggins resigned his post as an assistant manager of the Brand boulevard branch of the Los Angeles Trust & Savings Bank to become associated with Mr. Faris in the real estate business. Prior to entering the service of the bank in August, 1920, Mr. Coggins was cashier of the Puente National Bank.

"I have lived in this section for the past eight years," said Mr. Coggins, "mostly in Pasadena. I am a property owner in Glendale and a member of the Chamber of Commerce. My work has given me considerable experience in the real estate business and I believe in the future of Glendale."

Collection of Coins Is Presented to C. of C.

A collection of coins to the value of several hundred dollars has been presented to the Chamber of Commerce by J. O. Corliss, 235 North Verdugo road, who has traveled extensively, gathered coins and souvenirs from practically every quarter of the globe. The collection includes coins from England, Germany, East Africa, West Africa, Egypt, Borneo, South America, Cuba, Mexico, Panama, and the California half dollar.

It is the intention of the Chamber of Commerce, says Secretary James Rhoades, to place the collection in a suitable display case in the new building together with other curios which will be added from time to time.

WILL NOT INJURE STEEL

NEW YORK, Nov. 16.—The proposed cutting down of the world's navies will not have any appreciable effect on the steel industry in the United States, Judge Elbert H. Gary, chairman of the board of the United States Steel corporation, declared in a statement.

Report Submitted on Railroad Plans in Eastern Section

(Continued From Page 1).

road company and local officials of the company.

A plan has been worked out, stated Mr. Watson, and the matter now has the approval of the Pacific Electric officials for the establishing of bus lines east and west of the main line in Glendale, for which an application for permit had been made to the city council. It must not be assumed, said Mr. Watson, that the establishment of bus lines would mean that the Pacific Electric will not make further extension in Glendale, but shows a willingness on the part of the company to do the best it can at the present.

Mr. Watson pointed out that if the streets were wide enough in the outlying districts, no doubt the company would build lines to serve those sections, where conditions permit it, to meet traffic requirements.

Mayor Spencer Robinson stated that General Passenger Agent Smith of the Pacific Electric company had appeared before the city council and the permit for the bus line had been granted.

High School Site

The matter of extending the Broadway line to Verdugo Road in case the high school should be located on the proposed site was presented by Mrs. M. L. Tight, who stated she had the assurance the Pacific Electric would extend the line to that point.

The bus lines were discussed and the route mapped out as follows: Starting on Broadway and Adams, south on Adams to Acacia avenue, west on Acacia to Boyton street, south on Boyton to Palmer avenue, west on Palmer to Glendale avenue, south on Glendale avenue to Cypress avenue, making a junction with the main line where Los Angeles passengers will be transferred.

Another line will start in the vicinity of Burchett street, south on Columbus avenue to Broadway, west on Broadway to Pacific avenue, south on Pacific and San Fernando Road to Cypress avenue, east on Cypress to the junction of the main line and the east branch at Cypress and Brand boulevard.

The local fare, it was pointed out, would be 6 cents, giving transfers to the main line so that the Pacific Electric lines on Brand boulevard and Broadway, said Mr. Watson, with bus lines, would be quite an extension to the railroad system. Los Angeles fares in the district served by the bus lines, stated Mr. Watson, will be the same according to mileage as the district served by the railroad lines.

F. H. Vesper Thanked

A motion was adopted to sell all the real estate and other property not to be used for railroad purposes and owned by the committee, and hold the money in the treasury subject to the order of the committee. A vote of thanks was given secretary and treasurer F. H. Vesper for his work.

The report of the financial transactions of the railroad committee during its activity was given by Mr. Vesper, secretary and treasurer, who outlined the subscriptions paid in, the total amount pledged, the expenses in carrying on the work, the progress made, and the amount of money on hand. According to the report of Secretary Vesper a total of $40,000 was subscribed, of which $23,653.08 had been paid in.

Receipts $30,652.63

Receipts from sale of property, together with the subscriptions paid in, amounted to $30,652.63. Amounts paid out for property and expenses incurred in carrying on the work, it was stated in the report, totaled $30,632.19, leaving a balance of cash on hand of $20.44. The report also showed a balance on hand in escrow from the sale of the Winterburn property, after the mortgage, certificate and taxes, street bond and interest were paid, of $34.54.

Secretary Vesper concluded his report by stating that deeds were obtained for approximately eighty per cent of the right of way to Brand boulevard as per survey at a value of approximately $51,000, with which he stated, the unpaid subscriptions would have been ample to have completed the line as planned. Secretary Vesper also stated that in carrying on its work over the long period of time more than 100 meetings had been held and that none of the committee received any remuneration whatever.

GLENDALE

First Meeting Is Held by Women's Gym Class

The first night class of women's gymnastics was held last night in the girls' gymnasium of the high school under the direction of Miss Ada Brown of the University of California, southern branch. This class has been made possible by the request of the Business and Professional Women's Club of Glendale, over thirty-five of whose members enrolled for the gymnasium work. The class, however, is open to all the women of Glendale who care to join. Last night the work consisted largely of becoming familiar with the standard gymnasium commands, formal drill work, and various games. It is planned to include other lines of gymnastics and folk dancing in the program.

Dr. Laura Brown, chairman of the social committee, announced that following the gymnasium work next Tuesday night that the members of the Business and Professional Women's Club of Glendale will meet in the gymnasium for a social evening. This will be in the form of a "kids' " party and children's games will be included in the evening's fun.

Uncle Remus Stories Are Cleverly Recited

The adventures of Br'er Rabbit and Br'er Fox were narrated in negro dialect with realism at the Methodist church last night by Miss Adeline Simmons of Georgia, who interpreted a number of Uncle Remus' stories and ended with a character monologue of her own darky mammy.

"When the Winter Tourists Come," recited by Miss Kathryn Garnett, now of Los Angeles, explained the inconveniences to which a rooming housekeeper, who was a graduate from Harvard, had to submit when the tourists took possession of his establishment.

Mrs. Alice Harwood Farish sang a number of selections accompanied by Miss Lila Litch. "Little Orphan Annie" brought the greatest applause.

Intermediate Mothers to Have Social Time

Mrs. W. S. Ingram, assisted by her committee, Mrs. Searles, Mrs. Chapman and Mrs. McCourt, will entertain the mothers of the B8 I class at the home of Mrs. McCourt, 336 N. Central, Thursday afternoon, from 2 to 5. Besides becoming acquainted, they expect to formulate plans for keeping the beautiful flag the class has already captured for this month, by having the highest percentage of fathers who are members of the P.-T. A. and the word has gone forth that the children of this class have designs on the picture Miss Sharpe's room now has, for having the highest percentage of parents who are members.

Rail Brotherhoods' Purpose of Meeting Told by W. S. Stone

CHICAGO, Nov. 16.—Warren S. Stone, grand chief of the Brotherhood of Locomotive Engineers, declared that the purpose of the conference of Railroad Brotherhood leaders here is to decide on a future policy regarding wage reductions and to consider changes in working conditions not affected by the recent conference of the United States Railway board.

Mystery had surrounded the meeting until Stone explained its object. It had been called upon the demand of seventeen general chairmen and there are 600 general chairmen and grand officers of the engineers and firemen's unions in attendance.

No confirmation could be obtained of rumors that the purpose of the gathering was to depose Stone as head of the engineers and W. C. Carter as head of the firemen. There has been dissatisfaction expressed at the leaders' conduct of the recent strike negotiations.

Josephus S. Daniels Must Explain Reason for Haitien Project

WASHINGTON, D. C., Nov. 16.—Josephus S. Daniels must explain charges that while he was secretary of the navy he approved plans "to break up the Haitien congress," the Senate committee investigating American occupancy of Haiti, announced today. Daniels and Newton D. Baker, secretary of war in the Wilson cabinet, have been summoned to appear before the committee as soon as it returns from Haiti.

Sensational charges that the navy department ordered the marine forces in Haiti to compel the Haitien congress to adopt a constitution favorable to America "by peaceable or forcible means," are embodied in an official report placed before the committee by Brigadier-General E. K. Cole.

"I was constantly in touch with Washington and it approved every move I made," General Cole told the committee.

Material Reduction in Price of Shoes, Says I. D. Brooks

"Shoes have dropped a whole lot since last spring," declared I. D. Brooks, proprietor of the Reliable Shoe Store, 120 West Broadway, yesterday afternoon. "Shoes that used to bring $15 a year ago are now on sale for $9.45. Of course, there are only two principal changes in shoe prices during the year—when the manufacturers contract for their leather. We are still getting our stock in. Business is starting very good."

Local Folk in Charge of Mission's Services

Services at the Industrial Mission, Los Angeles, Monday night, were in charge of the Christian Endeavor of the Central Christian church, there being about twenty-five local members present. The address of the evening was delivered by Rev. Clifford A. Cole. Donations of jam and jelly were taken for a Thanksgiving dinner to be served by the mission.

For Direct Mail Service

It is reported on good authority that the application for direct mail service from Los Angeles to the postoffice at Tujunga, Sunland, La Crescenta and La Canada has been received at Washington, returned to the postoffice inspector of this district for a report and that the report will be favorable. At present mail for valley offices is taken out from Glendale by rural delivery carrier and it is necessarily delayed by reason of the many stops the carrier must make to distribute mail to the individual boxes along the route.

Plan Turkey Shoot

Members of the Sunland Chamber of Commerce are organizing a turkey shoot to be held on the B. F. Mears ranch just south of the highway west of Sunland on the Sunday before Thanksgiving day at 10 a. m. Arrangements have been made for 100 turkeys from the Antelope valley and there will be entries for all classes of sharp-shooters.

Sheltering Children

There are now children from all parts of Los Angeles county being sheltered at Monte Vista Lodge in Sunland while their parents are temporarily unable to care for them. Plans are being made to give the children who desire it dancing lessons, and talented boys and girls will have an opportunity to develop in a number of ways under the direction of an experienced educator.

Olive Pack Soon Begins

A. Adams, Jr., of Sunland, is in the San Joaquin valley purchasing olives for the Sunland cannery. He reports a big crop and some of the finest fruit that has been offered him for some time. The cannery will be pushed to the limit and more men and women will be given employment this year than ever before.

Sermon Out-of-Doors

Dr. O. P. Gifford, famed Baptist preacher of Boston, will speak in the Monte Vista public park November 20, at 2:30 p. m.

Investigate Mysterious Fire

LOS ANGELES, Nov. 16.—A police investigation is being made of a fire of mysterious origin which today destroyed plants occupied by Joseph Musto and Sons and the Kennan company, building contractors, with a loss of $100,000. It was suspected a gang of incendiaries may have been responsible.

Probe Death of Salesman

LOS ANGELES, Nov. 16.—Police officials and deputy sheriffs investigated a shooting affray and an automobile collision that resulted in the death of Herman Goldstrin, New York traveling salesman.

It was said Goldstrin was a member of a party of automobilists who had an encounter with a traffic officer who halted the machine for speeding. The traffic officer's revolver was discharged, Goldstrin being shot in the neck.

While the injured man's friends were rushing him to a hospital their machine collided with another car. Police surgeons were uncertain whether Goldstrin died of the bullet wound, or injuries received in the crash.

Two young women and two men were also hurt in the collision.

All Quiet Across Border

SAN DIEGO, Nov. 16.—With patrols out scouring the hills around Tia Juana for the rebels who killed fifteen Federal soldiers, all was reported quiet today. Mexican authorities, however, are keeping the border closed and a veil of secrecy surrounds operations in Lower California. There has been no sound of shooting from across the line reported since the battle Sunday.

Governor Ybarra is preparing a statement for the press on the attempted uprising against his rule. Rumors filtering through his censorship were that some of the rebels had been captured and promptly executed. The only Americans allowed to cross the border have been Tia Juana race track men who had livestock to care for. The refugees, women and children who fled to the American side of the line have not yet returned to their abandoned homes.

American cavalry is patroling the border from the sea to the mountains east of Tia Juana.

A SURPRISE!
—awaits every woman who visits the RADIANTFIRE demonstration this week.
—Ask your distributor about it.

THIS WEEK
—your RADIANTFIRE distributor is giving a special display of various models—from the small portable size to the beautiful period fireplace type with andirons.

DE MILLE PICTURE IS FEATURED ON T. D. & L. BILL

All Star Cast Used to Make 'The Affairs of Anatol' Now Being Exhibited

Cecil B. DeMille, perhaps the foremost motion picture producer in the country, if not the world, displayed his genius at its best in his latest Paramount picture, "The Affairs of Anatol," which was presented with splendid effect at the T. D. & L. theatre last night. From every standpoint—investiture, its all-star cast, sumptuousness of settinigs, brilliance of directorial execution, richness of costumes, quality of story and general artistry, this picture marks a distinct epoch in screen production of the decade.

The story, written by Jeanie Macpherson, and suggested by the famous play by Arthur Schnitzler, deals with an impressionable young man of wealth who finds time to interest himself in the affairs of others and who learns by practical experience that it pays best to attend to one's own affairs and let others do the same.

Many Stars in Cast

The cast is superb and includes such stars as Wallace Reid, Gloria Swanson, Elliott Dexter, Bebe Daniels, Monte Blue, Wanda Hawley, Theodore Roberts, Agnes Ayres and Theodore Kosloff. Their portrayals are artistic and add vastly to the value of the production. The photography by Alvin Wyckoff and Karl Struss is beautiful. Take it all in all this is perhaps the best picture thus far made by Cecil B. DeMille, and that is saying a great deal.

"The Affairs of Anatol" will be presented again today and tomorrow at the T. D. & L. theatre.

Edward Waxman Will Open Business Here; Wife Noted Designer

Edward Waxman of New York is receiving a shipment of goods this week preparatory to opening a dress making and ladies' tailoring establishment at 406 South Brand boulevard next Monday. Associated with Mr. Waxman will be his wife, known in New York as "Madam Geraldine," who was chief designer and fitter for a number of years for Henry Collins of New York and Paris, who furnished the inaugural gowns for Mrs. Harding. Madam Geraldine was also chief designer for Maison Haas of New York, one of the most exclusive firms, says Mr. Waxman.

"I am locating in Glendale,' 'says Mr. Waxman, "because I think it is a live growing town. During the war I was in the navy and was discharged at San Diego, and liking Southern California so well I decided to bring my family here. The realty firm of Seaman & Hancock got me interested in Glendale at first, and after seeing the city, I decided it was the place I was looking for as a home city and a place to conduct a successful business in ladies' tailoring and dress making.

"We shall always be in touch with New York and shall feature exclusive fashions and workmanship within the means of everyone. I have noticed the ladies of Glendale are well dressed and I am sure our establishment will prove advantageous to those wanting the latest in ladies' wearing apparel."

Local View Company in New Quarters at 248 N. Brand Blvd.

The Local View company, which specializes in commercial photography of all kinds, including picture postals and store interiors, is now located in its new quarters, 249 North Brand boulevard.

The business is under the management of F. R. Eldredge, 316 East California, and Harrison W. Frank, 1158 East Broadway.

Mr. Eldredge formerly lived in New York City. He has had experience in moving picture and newspaper photography and was in the photographic section of the army during his sojourn in France a couple of years ago. He has 500 negatives of the battlefronts which he hopes to place on exhibition.

Demand for Lots in Glendale Very Great, States P. C. Brown

"If we have any complaint to make against Glendale it is because we can't get enough lots to supply the demand of homeseekers who want to build here," said P. C. Brown of the Glendale Realty company, 133 South Brand boulevard.

"It seems that every one wants to live in Glendale, and it doesn't take much figuring to predict a wonderful future for the city."

A Rooster Without a Tail

Should feel no more embarrassment than the man who has not made plans to own his home in Glendale. Anyone who takes time to read between the lines knows that the opportune time to make plans for a home is NOW, and the longer He waits the harder it will be to secure the desired location, at the price He can afford to pay. We make a point to offer property that has merit and worth consideration. We offer as an inducement a special price of $8500, part cash, a beautiful modern home, located on an improved acre overlooking the city proper that beyond a doubt will be hard to equal for one-half more in price. Ideal for a home and poultry and fruit. Try to see Us before making up your mind just what you would buy.

THIS ROBBER USES A DECOY

DILLONVALE, Ohio—Leaving his auto, Wilbur Clark, a local resident, approached the body of a man lying in the road. As Clark bent over to examine what he thought was an injured man, another fellow, with a gun, appeared at the side of the road, ordering Clark to "Put 'em up!" The decoy then took Clark's gun, and the two highwaymen stole $55 in cash, a tie pin and a watch. Using Clark's gun, the bandits commanded him to drive on.

Opportunities

Perhaps no city in the nation offers better business opportunities than does Glendale today. Dozens of new enterprises are opening up, building is active, and property values are steadily rising.

But to the man without capital or credit, these opportunities mean nothing, because he is not prepared to take advantage of them.

"Money in the bank" is the sure touchstone that opens the way to business success. Without it, even the best of opportunities are valueless.

You soon can have that ready money if you start laying it up in a Savings Account today.

Subscriptions Being Received to Aid in Work of Red Cross

The sum of $134 was received on Monday by Mrs. C. L. Peckham, chairman in charge of the Red Cross roll call for Glendale and who has established headquarters during the drive at the Brand boulevard branch of the Los Angeles Trust and Savings bank.

Glendale's quota is $2000. Last year Glendale was the first division to go over the top and it is hoped that the same will occur again this year. Money is needed for Red Cross work at any and all times. This great humanitarian institution is the first to respond in cases of cyclones, fires, floods and in local relief work, the committee in charge of the campaign points out.

Ralph W. Brown's Artistic Work Wins Favorable Comment

There are seven birds in Ralph W. Brown's studio, 215 North Brand boulevard, but they are all under the glass of a group picture.

The photographs upon which the actual feathers of the birds pictured have been mounted depict various birds of brilliant plumage in the semi-tropics.

They were acquired by M. C. Martinez of Los Angeles during a recent visit to Mexico. He was a customer of Mr. Brown's while the studio was located in Los Angeles and did not see any reason why he should go elsewhere just because Mr. Brown moved to Glendale. In fact, because of the excellence of Mr. Brown's work, a number of people from outside come to Glendale to have him do photographic work.

Lived High to Beat High Cost of Living

PARIS, Nov. 18.—Many a novel method has been introduced in Europe this summer to fight, firstly, the excessive heat and, secondly, the high cost of living. Particularly has this been so during the vacation period.

Recently the Belgian police discovered a visitor to the country perched up in a home-made hut among the tree branches. Called on to come down and explain his conduct he refused and shouted from his elevated position that the cost of living "down below" was too much for him and that he had enough provisions to last him a few days till his vacation came to an end. So persistent was he in his refusal to come down that finally woodcutters had to be summoned to saw the tree, with the result that tree, visitor and hut came falling down. The visitor escaped with a few bruises and a severe reprimand from the police.

Another similar case is reported from the Pyrenees, where John Johnson, an English visitor, was discovered by the police living up in mountains under a canvas tent with his family. Finding a car, to all appearances in perfect condition, along a mountain road, police began a hunt for its owner. He was found in his tent lazily reading a book. He explained that he had lived for some time at a hotel, but finding he was being "stung" rather too severely decided to live out in the open. He used the car to fetch provisions. He was let off to continue his vacation, but had to pay visitors' tax for the whole family. He still found it was cheaper to live up in the mountain.

These Dolls to Make Girls Happy Christmas

Tommy Tucker, who lives at the Glendale Woman's Exchange, 122 West Broadway, may sing for his supper—but it won't do him any good. His ruddy face is all in one piece. He says that it is hard luck being a novelty doll sometimes.

Miss Mary Havey yesterday called attention to the arrival of a shipment of dolls for little girls who believe in Santa Claus. Some of the dolls will be dressed to order. Each of them came to Glendale especially to make some child happy.

Cold? Plenty of Heat Thrown by This Oven

The new oven of the Glendale Auto Body & Fender Works, 137½ South Brand boulevard, was put into operation yesterday afternoon.

R. W. Hirzel says it is necessary to maintain a heat of 400 degrees in it to perform a job of enameling.

NEW ARMORED CARS FAST

LONDON—Powerful new armored cars, designed to be devastating in action, have been added to the tank corps. They are fitted with Rolls Royce engines and are very speedy.

Head Stuffed By Catarrh or Cold? Use Healing Cream

If your nostrils are clogged, your throat distressed, or your head is stuffed by nasty catarrh or a cold, apply a little pure, antiseptic, germ destroying cream into your nostrils. It penetrates through every air passage, soothing inflamed, swollen membranes and you get instant relief.

How good it feels. Your nostrils are open. Your head is clear. No more hawking, snuffling, dryness or struggling for breath. Get a small bottle of Ely's Cream Balm from any druggist. Colds and catarrh yield like magic. Don't stay stuffed up. Relief is sure.—Advertisement.

FOUR VARIED ROLES PLAYED BY CLARA KIMBALL YOUNG

Unusually Strong Bill Is Given at Glendale Theatre With Preview Film Included

With one of Goldwyn's latest features, "The City Feller," starring Cullen Landis, and with Clara Kimball Young assuming four different roles in her latest de luxe production, "Charge It," in addition to the Pathe News, Fables and a Sunlight comedy entitled "Baby, Baby," with Billy Quirk, William A. Howe has arranged an attractive program for patrons of the Glendale theatre tonight. Clara Kimball Young's great picture will be shown tonight and Thursday.

Cullen Landis, the comical youngster, will be seen at his best in his portrayal of "The City Feller," and will be shown in the preview at the Glendale theatre tonight only.

When a great motion picture star appears in a dual role, the event is hailed as a sensation in filmdom. The sensation of multiple roles is doubled in Clara Kimball Young's latest photodrama, "Charge It." In this realistic picture from the gifted pen of Sada Cowan, remembered for her successful authorship of "Hush" and "Straight From Paris," Miss Young assumes four different roles.

Proves Very Effective

The remarkable point, however, is not in the number of roles this versatile actress portrays, but in the effectiveness with which she enacts each part. As the brilliant, glorious social leader, surrounded by all the extravagance of wealth Miss Young's carriage is convincing. As the flippant lover of another man, her gaiety and reckless demeanor are equally realistic.

Again as the humble restaurant help in a cheap cabaret, Miss Young seems to have been born for the part. Finally, as the repentant, modest wife of a striving husband, she seems to be the ideal housewife to the manner born.

Blobbs—Pneurich is pretty raw, isn't he? How did he make his money? Slobbs—In oil. Blobbs—Crude oil, I suppose. At least it doesn't seem to have any refining influence on him.
